Re: Puerto Rico State Plan Amendment (SPA) 21-0011

Dear Ms. Marin:

The Centers for Medicare and Medicaid Services (CMS) reviewed your Medicaid State Plan Amendment (SPA) submitted under transmittal number (TA) 21-0011. This amendment proposes to temporarily modify the Puerto Rico Local Poverty Level.

We conducted our review of your submittal according to statutory requirements in Title XIX of the Social Security Act and implementing regulations of the Social Security Act, Section 1902(e) (14); 42 CFR 435.603. This letter is to inform you that Puerto Rico Medicaid SPA 21-0011 was approved on March 18, 2022, with an effective date of October 1, 2021.

In order to document the Puerto Rico Local Poverty Level that will be in effect on October 1, 2022, following the expiration of this SPA, we ask that Puerto Rico submit a SPA with the desired Local Poverty Levels to CMS at the territory's earliest convenience, and no later than October 1, 2022.

As a reminder, states and territories may claim a 6.2 percentage point increase in the federal medical assistance percentage (FMAP) through the last day of the quarter in which the public health emergency (PHE) declared by the Secretary of Health and Human Services for COVID-19 terminates, provided that the state or territory meets the requirements of section 6008(b) of the Families First Coronavirus Response Act (FFCRA). As discussed with Puerto Rico, section 6008(b)(3) of FFCRA prohibits a state or territory from terminating the Medicaid enrollment of any individual who was eligible for Medicaid on March 18, 2020 or who established eligibility thereafter, prior to the end of the month in which the PHE ends.

Therefore, if the COVID-19 PHE has not yet terminated when the terms of this SPA expire on September 30, 2022, and Puerto Rico elects to continues to claim the enhanced FMAP authorized by section 6008(a) of the FFCRA, then, consistent with section 6008(b)(3) of the FFCRA, Puerto Rico will have to maintain the Medicaid enrollment of all individuals who established eligibility on the basis of the eligibility increases approved in this SPA through the end of the month in which the PHE ends.

If, because of Puerto Rico's spending rate and financial circumstances, Puerto Rico decides to end the eligibility increases approved in this SPA earlier than September 30, 2022, Puerto Rico would need to submit an additional SPA to implement this change. Should this circumstance arise, CMS requests that the territory notify CMS of its plans as early as possible, preferably at least two calendar months prior to the expected end of the eligibility increases. CMS is available to respond to questions and provide any additional technical assistance needed.

If you have any questions, please contact Ivelisse Salce at 212-616-2411 or via email at Ivelisse.Salce@cms.hss.gov.

Sincerely,

James G. Scott, Director Division of Program Operations

The rounding off dollars rules are applied to the dollar amounts shown in this column. To round, Puerto Rico drops amounts under 50 cents and increases amounts from 50 to 99 to the next dollar. For example, \$1.39 becomes \$1 and \$2.50 becomes \$3.
