

PRMMIS

Provider Revalidation	Policy No.:	PRMMIS – PRV-0002
	Classification:	Provider
	Approving Authority:	Caleb Colon
	Effective Date:	04/06/20
	Supersedes:	New
	Last Change:	N/A
	Mandate Review:	Annually – TBD

PURPOSE: In order to comply with the Patient Protection and Affordable Care Act (ACA), Section 6401(a) and 42 Code of Federal Regulations (CFR) 455.414, the Puerto Rico Medicaid Program (PRMP) requires all actively enrolled providers and suppliers to revalidate the enrollment information on file at least every 5 years. State Medicaid Agencies (SMAs) have the authority to require revalidation more frequently than every 5 years.

Acronym/Term	Definition
ACA	Affordable Care Act
CFR	Code of Federal Regulations
PRMMIS	Puerto Rico Medicaid Management Information System
PRMP	Puerto Rico Medicaid Program
SMA	State Medicaid Agency

SCOPE

Revalidation differs from reenrollment. Reenrollment occurs when a provider has been terminated and wants to be reinstated. Revalidation occurs on a predefined timeframe for active providers. In an effort to ensure provider information is accurate, providers will be required to complete revalidation within a specified time period.

POLICY

Providers will be required to revalidate their information every 3 years.

Off cycle revalidations may be triggered as a result of random checks, information indicating local healthcare fraud problems, national initiatives, complaints, evidence the PRMP Program Integrity Unit receives indicating noncompliance with statute or regulations by specific provider types, or other reasons that cause the PRMP to question the compliance of the provider or supplier with Medicaid enrollment requirements.

NOTE: PRMP will reevaluate this policy 2 years after provider enrollment goes live to determine whether certain provider types can be moved to a longer timeframe.
